To provide the most contactless experience, in-theater orders can be made on the Silverspot mobile app or from concessions to be delivered to your seat. For guests who prefer to see a physical menu, single-use menus are available.

Social distancing is important. Our new Dynamic Seating will create an automatic block of two seats to the left and two seats to the right of your group, allowing over 7 feet of distance from your group to the next. The distance between rows also exceeds the requirements from local mandates.

We have increased cleaning and disinfecting protocols providing extra time for theater sanitation between showtimes enhancing focus on seats, tables, armrests, and cup holders. You will find touchless hand sanitizing stations strategically placed around the theater.

While we have made major efforts to ensure a safe environment for our guests, we ask for your commitment to keep everyone's health and safety in mind by maintaining good hygiene and utilizing a mask. More information can be found at www.silverspot.net/welcomeback.
